

# Our Community Impact

**UP Health System – Marquette’s** mission of *making communities healthier®* is at the heart of everything we do. It is deeply embedded in how we provide high-quality care for patients, expand and enhance our services, and make meaningful investments to promote the health and economic growth of our region.

For us, healthcare is personal. We are caring for our own neighbors, family, friends and loved ones. That’s why our dedicated team is focused on advancing local care and keeping patients where they want to be – close to home. We are committed to meeting the unique needs of all those we serve, both inside and outside our hospital walls, and strive to be the preferred healthcare destination when our community members need care.

Together with Duke LifePoint Healthcare and community partners like you, we continue to advance our mission and create places where people choose to come for healthcare, physicians and providers want to practice and employees want to work. It is our privilege to serve you.

We are pleased to share this summary of our impact in 2025.

**Tonya Darner, MBA, Market CEO**

## 2025 Community Benefits

### Added new providers

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. This year, we added providers in neurology, general surgery, pediatrics, interventional cardiology, interventional radiology, radiation oncology, nephrology, emergency medicine and orthopedic hand surgery.

### Invested nearly \$2.4 million in capital improvements

By continually investing in our facilities, we’re helping to ensure that we continue to meet our community’s healthcare needs. This year’s investments included an MRI air recon upgrade, urology laser system and new tools for breast cancer care.

### Donated more than \$37.4 million in services to those in need

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

### Paid \$32,701,977 in taxes

We are proud to be a leader in our region, and our dedication to fiscal responsibility extends to both our hospital and community.

### Distributed a payroll of \$170,981,992 to approximately 1,665 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and services.

# Our Community Impact
